I am disgusted that the my government continues to attack the most innovative, progressive company in this country. Microsoft does more in a day for this country then AOL, SUN and the other whiners do in a year. The won't compete on price or product, so they use patsies like the government to protect their fat margins and laziness. This is supposed to be America - where hard work gets you ahead, not sued. Disgusting. Get more from the Web. FREE MSN Explorer download : <http://explorer.msn.com>
